

## About Us

We are a local family run business that has been specialising in all types of hot water for over 15 years. We pride ourselves on our **specialist knowledge of solar hot water** and we have the largest showroom in Western Sydney.

If you have been thinking about switching to solar but are not quite sure where to start, then come and visit us at the showroom on **Batt St, Penrith**.

You can see on display all types of solar hot water systems and heat pumps, and our friendly staff are happy to take the time to explain how it all works. If you can't visit us, simply call us on **1800 689 919** and we'll talk you through the best option for your needs.

**We can also come to your home and assess what type of solar hot water system is best suited to your household. This is free of charge.**

We also specialise in gas and electric hot water systems and these are also on display in our showroom. Our professional qualified tradesman will deliver you prompt and exceptional service and this is backed up our personal service guarantee.

Come in and visit the showroom at **89 Batt Street Penrith**, call us on **1800 689 919** or send us an email to [info@hoth2o.com.au](mailto:info@hoth2o.com.au) and we'll get back to you.

We are more than happy to help you.

## How to find our showroom
